DESIGNATION: LOW DENSITY RESIDENTIAL (MAX. 5 UNITS/ACRE) (MST2015-00221)**

The 6,418 square foot site is currently developed with a 1,106 square foot one story single family residence with a 206 square foot basement and an attached 338 square foot two car garage. The discretionary application required for this project is a Front Setback Modification to allow alterations to the garage, including replacement of the garage door and new windows in the south wall facing the street, and the addition of new guardrails on the roof deck located above the garage within the required 20 foot front setback.

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Act Guidelines Section 15301 and 15305 (Existing Facilities and Minor Alterations in Land Use Limitations).
